Telephone: (01206) 542307

E-mail: christ-church-vestry@btconnect.com

Newsletter: 10th February 2024

We have produced this newsletter for residents living close to Christ Church and for the community groups which use our building.

At the time of our last newsletter, Lexden Contracts Ltd had been appointed and we were preparing for their start on site now we are over half way through the building works

Building for the Future: Christ Church Community Project

Lexden Contracts Ltd started work on Monday 23rd October 2023 with the extensions on the car park side of the building. These have now been completed and work has progressed to remodelling and updating areas inside the building.

The project is on time, apart from the need for some additional roof repairs, but we

expect works will be completed within our original 6 months target.

We look forward to welcoming you our sustainable building, with fit-for-purpose catering facilities will be available for use by the church and the wider community.

There has been no escaping the disruption for our immediate neighbours, with additional on road parking whilst our car park is closed.

We hope to reopen the car park before the start of the Summer Term.

Thank you for your patience and support!
